Subject: Draft WY RH Final Notice for Janet's Initial Review

Janet

Attached is the current draft of the WY RH final action. It still include lots of comment bubbles and RLSO as the team is still continuing their final edits. We have not made any changes to the cost sections to address recent discussions.

It's a long one (679 pages, a new record for the Region I think). Most of the pages are in response to comments, but you can focus on the intro sections.

Thanks for taking a look.

Carl Daly
